June 25, 2008. --Referred to the House Calendar and ordered to be printed

Ms. Castor, from the Committee on Rules,
submitted the following

REPORT

[To accompany H. Res. ____]

The Committee on Rules, having had under consideration House Resolution ____, by a record vote of 8 to 4, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 6052, the "Saving Energy Through Public Transportation Act of 2008," under a structured rule. The resolution provides for one hour of general debate equally divided and controlled by the chairman and ranking minority member of the Committee on Transportation and Infrastructure.

The resolution waives all points of order against consideration of the bill except those arising under clause 9 or 10 of rule XXI. The resolution provides that the bill shall be considered as read. The resolution waives all points of order against provisions in the bill. This waiver does not affect the point of order available under clause 9 of rule XXI (regarding earmark disclosure).

The resolution makes in order only those amendments printed in this report and waives all points of order against such amendments except those arising under clause 9 or 10 of rule XXI. The amendments made in order shall be considered as read, shall be debatable for the time specified in this report equally divided by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for a division of the question.

The resolution provides one motion to recommit with or without instructions. Notwithstanding the operation of the previous question, the Chair may postpone further consideration until a time designated by the Speaker. Finally, the resolution allows the Speaker to entertain motions to suspend the rules on the legislative day of Thursday, June 26, 2008, relating to (a) a measure concerning the Commodity Exchange Act and energy markets; or (b) a measure concerning the issuance of oil and gas leases on Federal lands or waters.

EXPLANATION OF WAIVERS

Although the rule waives all points of order against the bill and its consideration (except for those arising under clause 9 or 10 of rule XXI), the Committee is not aware of any specific points of order against the bill or its consideration. The waivers of all points of order against the bill and against its consideration (except those arising under clause 9 or 10 of rule XXI) are prophylactic.
